

Helpful Resources for Travel Planning 2023-2024 *Students & Families*

Tilton is located in a great location for easy access to transportation to and from campus. Concord Coach Bus has a stop right here in Tilton, less than ten minutes from campus. In addition, the main Bus Junction is located in Concord, New Hampshire, just 18 miles south, with lines to Boston and New York and more.

Manchester-Boston Regional Airport is located approximately 40 miles south of Tilton and is New England's most convenient airport, with a growing schedule of non-stop, direct service flights throughout the country. In addition, Logan International Airport is located 96 miles southeast of Tilton in Boston, Massachusetts.

CONTACT INFORMATION & COMMUNICATION

Students are asked to work closely with the Student Life Office to arrange any travel plans. The school uses an online platform for Leave requests and signing on and off campus called "[REACH Boarding](#)" and all students are taught to use this program during their first week at school. All requests to depart campus overnight during the year must be submitted in REACH for approval by Thursday at 12pm each week for the upcoming weekend.

The Student Life Office's primary contact for student transportation is our Leave Coordinator Julie Donahue. For all travel, communication should be sent directly to [Julie Donahue](#) so that we in the Student Life Office can assist and help ensure a smooth arrival to campus. This includes questions about REACH approvals, plans for travel at the opening of school, special circumstances, and any changes to travel plans. If plans change for a student the day of travel (ie: weather or delays), families are asked to include our Administrator on Duty in communication about these changes.
